

AEF Distributor

**Rain.Shine Technologies is proud to introduce the most energy efficient lighting retrofit product available in the United States and Canada.**

**Watt-Saver™ is MET certified #E112851 and meets the UL standards for US (UL 1993, UL 935) and CSA standards in Canada. Call today and let us help make your lighting project an easy one.**

## **The Watt-Saver™ 18w T5 Adapter**

**Retrofit your EXISTING fluorescent light fixtures to the most advanced and energy efficient T5 bulb technology with the following advantages:**

- ✓ **Energy Savings from 40% up to 70% over T8 and T12 fixtures**
- ✓ **Low Power, High Lumen output – enough light to de-lamp**
- ✓ **Uses only 18 watts for 28 watt lamp**
- ✓ **Cooler – less heat than a T12 or T8 - Saves on A/C costs**
- ✓ **A 3-minute rewiring Job**
- ✓ **ROI in 12 to 24 months**
- ✓ **Sustainable - eliminates fixtures from landfills**
- ✓ **Less mercury**
